## **11th Annual Korea University Graduate Student Conference: Recovery and Reconstruction in Times of Crisis in Korea and East Asian History**

Korea University, Seoul, South Korea  
**Thursday, May 23rd, 2024**

The Korea University Graduate Student (KUGS) Conference invites graduate students from around the world and conducting research in Asian studies to submit abstracts for our 2024 conference. The KUGS Conference is an annual conference which aims to provide a forum for graduate students to exchange ideas and discuss current research on Asian studies. This conference, to be held in Korea University Seoul Campus, is an opportunity for young scholars to present their research to both their peers and eminent scholars. The conference will also enable participants to meet others in their field conducting similar research, and to gain experience in presenting their work for discussion.

The 2024 11th Annual Korea University Graduate Student Conference special theme is “Recovery and Reconstruction in Times of Crisis in Korea and East Asian History.” In addition, in the sense of summarizing the past 10 conferences, we would like to take the time to organize the research trends of young scholars. We welcome papers that cover any time period in history. Although all applications will be taken into consideration, special consideration will be given to papers regarding theories, discourses, narratives, and counternarratives for analyzing, understanding, and depicting history. We also appreciate papers related to fields in Asian Studies, particularly ones that can provide comparative interpretations with regard to Korean history. Our goal of the 2024 conference is to provide a space for young researchers studying Korean history with creative and innovative ideas to investigate diverse perspectives.
